

# Give it Up, Golf Widow

## Rates for Blog Posts:

Word Count	For-Profit Companies	Not-for Profit Companies
up to 50	\$10.00	\$9.00
50 to 100	\$20.00	\$18.00
Every additional 50	+ \$5.00	+ \$4.50

Reminder: Writing of your article does not begin till I have received full payment; therefore, you will never be asked to pay more than our final agreed price based on the final word count we agree upon. If my final piece is longer, within a few words of our agreed word count, you will not be charged extra. If it's much longer, I will edit it down to match your requirements, NOT ask you to pay more.

If you request further verbiage or a longer article *after* the first draft, we will negotiate the additional price after we determine approximately how many more words you require. I will complete the rewrite after I receive payment for the balance of the additional rate we agree upon.
